Notes:

This pilot scenario replaces the original 48-panel Year 1 plan. Program ramps to 10 panels across 10 months.

Fixed costs reduced by eliminating the part-time coordinator and trimming admin/marketing budgets.

Startup costs reduced to \$1,500 (self-filed 501(c)(3), DIY branding).

Grant revenue assumes one \$5K Q2 community arts grant and one \$10K Q4 youth development grant.
